Care & Maintenance

Wipe clean with ordinary soap or household liquid detergent. For stubborn stains, use diluted organic solvent or stain remover. Abrasive cleaners and wire brushes are not recommended.

Our motto is to cater the market with range of natural colors, spell bounded texture, romantic wood series to make antique stand a part.

Note : There is not warranty on laminate color fade due to sunlight.

UPVC WINDOWS

For your all need regarding window WAGA systems became channel partners of **TORFENSTER SYSTEMS (INDIA) PVT.LTD.** BANGLORE, the leaders in UPVC windows.

We are a truly Glocal company known for fusion of European raw material and engineering details matching Indian conditions.

Today we have a strong presence in South Gujarat thereby gradually building trust and relationship with our customers across the region.

What is uPVC?

UPVC stands for unplasticised PVC which is harder and tougher than the usual PVC. uPVC has diverse applications because of key features like durability, light weight, decay or corrosion resistance, ease of installation, economy etc. Over the years, it has also proved to be an effective substitute for wood and a reliable construction or building material.

Why uPVC?

- Maximum water tightness
- Energy efficient
- Thermal insulation
- Maximum wind resistance
- Great Sound insulation
- Eco friendly
